

# What is Tiempo de Vacunarte?

Did you know there's a vaccine that prevents cancer? Tiempo de Vacunarte aims to reduce HPV-related cancers in border and rural counties by offering:

## Free Vaccines

Adults ages 18 to 45 are eligible for free HPV vaccines. Are you a parent of a child 9 to 17 years old? You can also vaccinate your child against HPV at no cost! You must be uninsured or underinsured to qualify.

## Education & Assistance

Our team will answer all your questions about HPV and the HPV vaccine. Need help figuring out when and where to get your HPV vaccine? We can help with that too!

## See if you qualify

Scan the code above for your first step towards getting vaccinated or vaccinating your child against HPV and HPV-related cancers!
