

# April is Oral Cancer Awareness Month!

## Did you know...

HPV causes 70% of Oropharyngeal Cancers (OPC) in the US. Oropharyngeal cancers occur at the mouth, throat, and neck.

HPV Type 16, which is covered by the HPV vaccine, causes 60% of all OPCs.

Main prevention measures include:

- HPV Vaccine
- Dental check-ups every six months for oral screening

Tiempo de Vacunarte provides HPV vaccines at no-cost for individuals ages 9-45, who are uninsured or underinsured.

### See if you qualify:

Scan this code for your first step towards protecting yourself and/or your child against mouth and throat cancers today! Our team is standing by to answer your questions.
